When place the order, please check the following carefully.

- (A) It will take the longer time if model has no past record of Windows 7 compliance.
- (B) Unable to comply with the model that production has been stopped.
- (C) There will be the case that unable to comply depending on the model and applications.

The cost of compliance will varies according to the models and its applications, so that contacts us for each case.

Please contact our Sales Dept or Customer Service Dept if you have any queries or need further information.
